

GFRAS Annual Meeting 2023

Join the Global Forum for Rural Advisory Services (GFRAS) Annual Meeting hosted by the North American Agricultural Advisory Network (NAAAN). This meeting will convene experts and professionals from around the world on extension, agricultural education, and rural advisory services to address ways to attract and prepare the next generation of leaders in agriculture and improve global food security.

- **Dates:** October 17-19, 2023
- **Location:** Denver, Colorado, USA
- **Theme:** Building the Next Generation of Leaders in Agriculture

Held for the first time in North America, this event will feature innovative speakers, interactive plenary sessions, break-out discussions, and field trips to Colorado farms and businesses for a hands-on exploration of what building the next generation of leaders looks like around the world. Categories for meeting contributions and discussions include Youth Engagement; Educational Programs and Platforms; Young Professionals; and Serving the Underserved through Agricultural Programs.
